

BRAINERD DAILY DISPATCH.

VOLUME 5, NO. 306.

BRAINERD, MINN., FRIDAY, ^{June} MAY 1, 1906.

PRICE TWO CENTS

MANY PEOPLE KILLED

SIXTEEN PERSONS SLAIN BY A BOMB THROWN AT THE RULERS OF SPAIN.

ROYAL COUPLE NOT HARMED

KING ALFONSO AND QUEEN VICTORIA ARE NOT INJURED BY THE EXPLOSION.

Madrid, June 1.—The public rejoicings over the marriage of King Alfonso and Princess Victoria had a terribly dramatic sequel at 2:30 o'clock p. m. as a bomb thrown from an upper window exploded with deadly effect near the coach occupied by the king and queen. Providentially, King Alfonso and Queen Victoria escaped by an electric wire deflecting the bomb, but at least sixteen persons, most of them of the personal and military escort and the other spectators, were killed. Many others were injured. The following are the killed:

Captain Barrosa, commanding part of the king's escort; Lieutenant Reyent, Lieutenant Prendergast, six soldiers, the Marquise of Colosa and her daughter, Don Antonio Calvo and his niece, aged six years; Jose Sola, seventy years of age; Luis Fonseca; one royal groom, who was leading a horse drawing the coach carrying the king and queen.

Several of those killed were standing on the balcony of the house from which the bomb was thrown.

The explosion occurred just as the royal couple were about to enter the palace. The route of the cortege had been diverted from Arsenal street to Mayor street, owing to the popular desires. The procession had just passed through Mayor street and was about to turn into the Esplanade leading to the palace when an explosion shook the buildings in the vicinity, stunning a large number of people and throwing the cortege into inextricable confusion.

Brought to a Sudden Stop.

The royal coach was brought to a sudden stop by the shock, officers and soldiers of the escort falling to the ground about the equerry and horses that had been killed. The screams of the terrified multitude mingled with the groans of the dying. It was immediately seen that the royal coach was intact except as it had been damaged by flying splinters. King Alfonso immediately alighted and assisted Queen Victoria out of the carriage. They then entered another coach and were driven swiftly to the palace.

All this happened so quickly that people away from the immediate vicinity were not aware of the tragedy that had been enacted and continued to acclaim their sovereigns. Soon, however, there appeared the empty royal coach with two horses missing and the others spattered with blood, several of them bleeding from wounds. The grooms and drivers looked deathly pale in their spangled uniforms. Then came a boy shouting that a bomb had been thrown at the king. The appearance of the king and queen in a coach brought out delirious ovations. The fact was recognized that the sovereigns had been spared.

In the meantime the scene of the tragedy presented a horrible spectacle with dead men and horses lying about, literally torn to pieces. Intense excitement prevailed, the mob invading the streets while the forces of the guards sought to maintain order and block the approaching streets. The bodies were wrapped up in blankets and removed on litters while the wounded went to hospitals in ambulances. The pavement was literally covered with blood, and the upper stories of the buildings nearest were spattered with it.

Alleged Assassin Captured.

The place from which the bomb was thrown is a boardinghouse. The chamber from which the missile was hurled was taken May 22 by a man from Barcelona giving the name of Moral. When the police surrounded the house the man attempted to flee, but was captured. Another man escaped over the roofs of houses.

One of the injured proved to be a son-in-law of Premier Moret's private secretary.

According to an official statement it is not known whether one or more bombs were thrown. The statement continues that it is impossible to ascertain at present the author of the outrage, although it is known that a Catalonian named Manuel Duran took an apartment in the house from which the bomb was thrown May 22, paying in advance with a 500 peseta bill. He was well dressed, of elegant appearance and showed a fondness for flowers.

During the afternoon King Alfonso

went with his bride to the palace chapel, where they offered up lengthy prayers.

Premier Moret and Minister of the Interior Romanes are personally conducting an investigation of the outrage. An inspection of the scene of the explosion disclosed the fact that the pavements and the buildings showed no signs of damage from the explosion, but the street was littered with scraps of clothing and relics of the outrage. The city hall has been used as a temporary hospital, and here a ghastly spectacle was presented. One of the dead officers lay in a hammock in one of the mayor's offices. His bearded face had the pallor of death but otherwise showed no signs of the explosion. The lower part of the body was covered with a blanket. Squads of the guard entered at frequent intervals bringing litters bearing dead or unconscious victims of the explosion, while doctors were hard at work in other rooms. An official permitted a correspondent to enter the room where two of the suspects are temporarily installed. One was a small man with a porter's hat. When asked what evidence there was against these prisoners, the guard said the men had been seen running after the explosion and therefore they would be held for examination. Both are Spaniards, poor and apparently workmen.

The aspect of the city entirely changed after the tragic event. The telegraph office was besieged by a yelling mob of people anxious to send messages to friends at a distance. The government's supply of telegraph stamps, which each dispatch must bear, quickly gave out and the sale was suspended.

Added to the restrictions placed by the censor upon the transmission abroad of reports of the day's events, the wires are congested with the unusual amount of business created by the sensational events of the day.

TEMPORARILY FORGOTTEN.

Brilliance of Royal Wedding Obscured by Tragedy.

Madrid, June 1.—The tragic event of the afternoon and the narrow margin by which King Alfonso and the new queen of Spain escaped death has caused the brilliance of the royal wedding to be temporarily forgotten, although it was to have inaugurated a period of unprecedented festivities. Some of the wedding features, however, were such as to fix themselves indelibly upon the minds of the spectators. One of the prettiest sights was the tiny Prince Alfonso, the actual heir to the throne, who accompanied the king. The little orphan of the Princess of Asturias was clad in knickerbockers of white silk and reached only to the king's waist.

King Alfonso reached the altar long before Princess Victoria. The lengthy wait which ensued led many to dread an inopportune event. The king twice arose on the throne and gazed steadfastly toward the door. Hardly an arm's length away was the American special envoy, Frederick W. Whitridge, who, through chance or design, occupied the most favorable position of any in the assemblage. With him sat General Dalstein, the French envoy, and alongside of him the envoy of Morocco, a huge Othello swathed in white, and next a Chinese mandarin. Republican simplicity never was more strikingly exemplified. The European courts were represented by princes, most of them heirs to thrones. While France, the United States and the South and Central American republics stood out with plain envoys.

As the ceremony closed King Alfonso embraced his bride and her mother. This glimpse of domestic tenderness as well as the democratic touch given by the presence of many poor people in the galleries, who were there by the king's request, made the scene effective, to which a melancholy sequel quickly succeeded.

Lincoln Party Nominations.

Philadelphia, June 1.—The state convention of the Lincoln party here nominated the following ticket: Governor, Lewis Emery, Jr., McKean county; Lieutenant governor, Rudolph Blankenburg, Philadelphia; auditor general, Major George W. Merrick; secretary of internal affairs, E. A. Coray. It is likely that another convention will be held, as Mr. Coray has emphatically declined to accept the nomination.

Hanged for Murder of a Child.

Honolulu, June 1.—Frank Johnson was hanged here for murdering the seven-year-old son of Henry Wharton on Jan. 2. He confessed his crime and said his real name was John O'Connell and he had relatives in Ireland. Johnson cut the boy's body into bits and then buried the pieces.

Five Persons Poisoned.

Sandusky, Mich., June 1.—Mrs. Ezriah Coats, her two sons, a daughter and her mother-in-law are in a critical condition as the result of arsenic poisoning. The senior Mrs. Coats, while helping with the cooking, put arsenic in pancakes, mistaking the poison for baking powder.

GUILTY OF REBATING

FEDERAL COURT AT MILWAUKEE DECIDES CASE AGAINST REFRIGERATOR COMPANY.

RAILROADS ALSO INVOLVED

COMMISSION OF TEN PER CENT AND OVER GRANTED TO DEFENDANT CONCERN.

Milwaukee, June 1.—The United States circuit court for the Eastern district of Wisconsin has handed down its decision in the rebate case of the government against the Milwaukee Refrigerator company, six railroads and the Pabst Brewing company on charges of alleged violation of the Elkins act, finding against the defendants with the exception of the Pabst Brewing company. So far as the latter is concerned the suit is dismissed. The complaint was made by the United States that the Refrigerator Transit company had received commissions of from 10 to 12½ per cent on all shipments of beer of the Pabst Brewing company routed by the Refrigerator Transit company. A copy of the traffic agreement with the Erie Railroad company was made an exhibit of the complaint. The railroad company admitted having made such concessions, but claimed that these had been paid the same as commissions to other freight solicitors.

Testimony was taken before Referee Edward Kuntz, who had been appointed for that purpose. The government was represented by District Attorney Butterfield and Charles Quarles, special counsel, appointed at the suggestion of Emanuel L. Philipp, president of a rival private car line company, who had complained to the attorney general of the alleged rebates paid the defendant and was informed that the government had no appropriation provided for special counsel as appeared necessary.

Judge Baker delivered the opinion, which was concurred in by Judges Grosseup, Seaman and Kohlsaat.

Defendants in the Case.

The defendants in the case instituted by the government are: Milwaukee Refrigerator Transit company, Pere Marquette Railroad company, Erie Railroad company, the Chicago, Rock Island and Pacific Railroad company, the St. Louis and San Francisco Railroad company, the Wisconsin Central Railroad company, the Chicago and Alton Railroad company and the Pabst Brewing company.

The charges in the petition are substantially these:

That the brewing company organized the refrigerator company, is the beneficial owner of the refrigerator company stock, and thereby indirectly receives the moneys paid by the railroad companies to the refrigerator company on account of beer shipments. That the refrigerator company (apart from the charge that it was a dummy of the brewing company) was organized and is being carried on as a device for the purpose and with the intent of exacting from the railroad companies a large proportion of the freight moneys for interstate and foreign shipments controlled by it; and it has obtained and holds contracts from the brewing company and owners of goods whereby it is given the exclusive control of shipments to competitive points; that it withholds such traffic from railroad companies which refused to return to it from one-tenth to one-eighth of the freight moneys and gives the business only to the railroad companies which contract to make such returns.

That the defendant railroad companies, with the intent of evading the law, have entered into such contracts with the refrigerator company and thereunder have paid to the refrigerator company from one-tenth to one-eighth of the freight moneys on all traffic controlled by the refrigerator company.

That unless restrained the parties will continue these practices.

MILLIONAIRE KILLED.

Two Other Men Injured in Collision Between Auto and Trolley Car.

Buffalo, N. Y., June 1.—Pendennis White, a millionaire banker and lumberman, was killed and Edwin A. Beland, Richard B. Lyman, stock brokers, were injured in a collision between an automobile and a trolley car on Hertel avenue here.

The chauffeur, who was on the back seat, escaped with a few bruises.

Pendennis White was forty-eight years old. He was a member of the firm of White, Grattwick & Mitchell, wholesale lumber dealers of North Tonawanda.

LACKING IN HARMONY.

Constitutional Democrats of Russia Differ as to Policy.

St. Petersburg, June 1.—Aside from the storm at the opening of the day's session of the lower house of parliament over continuing the regime courtmartial and death sentences, the important feature of the sitting was the speech of Professor Petrovsky, Constitutional Democrat, on the agrarian question, showing that all is not harmony within the ranks of the party with regard to the sweeping programme of expropriation to which the Constitutional Democrats are committed.

Professor Petrovsky, who is one of the ablest members of the faculty of the University of St. Petersburg and who hitherto has been one of the leading lights in the Constitutional Democratic party of this city, leveled his attacks particularly at that feature of the programme providing that expropriated lands shall be rented and not sold. He declared that this would deprive the peasants of all incentive to improve their condition and provide a precedent for a far more imminent menace to the right of private property than forced expropriation, which finds some justification in existing conditions. In this Professor Petrovsky, who is a Pole by birth, aligned himself with the deputies from Poland; but the storms of applause with which Professor Hertzstein of Moscow, who replied to him, was frequently interrupted showed that a great majority of the delegates utterly opposed the conservative stand and augured ill for the reception of the Stichinsky programme. Professor Hertzstein attacked the bureaucracy, and especially the ministry of finance, for corruption in the administration of the peasants' bank, which, he said, had been used to further personal ends and provide a market at excessive prices for the lands of proprietors having land in high places.

FILIBUSTERING TACTICS.

Resumed by the Democrats in the House.

Washington, June 1.—The Democrats of the house resumed their filibustering tactics at Thursday's session demanded roll calls on every possible parliamentary point. Notwithstanding these tedious delays the house passed the diplomatic and consular appropriation bill, carrying an appropriation of \$2,734,369. A number of amendments were adopted, chief among which were changing the salary of the ambassador to Japan from \$17,500 to \$12,000 and fixing the salaries of the ministers to Belgium, The Netherlands and Luxembourg at \$10,000 per year instead of \$12,000, as fixed by the bill when originally reported.

The legislative, executive and judicial appropriation bill and the post-office appropriation bill were sent to conference, the house adjourning for the day at 4:15, the minority threatening to cause a roll call on three amendments to a bill correcting the military record of Benjamin F. Graham. Graham was mustered out of the service of the United States army in 1865 and at the time he alleged he knew of no other reason than that he voted the Democratic ticket at the election held by his regiment (the One Hundredth and Ninety-fourth Ohio volunteers) a short time previously. With the Democrats killing time Mr. Dalzell (Pa.) decided to adjourn rather than go through the weariness of two more roll calls.

AMENDMENTS TO RATE BILL.

Only Eleven Now Remain to Be Disposed Of.

Washington, June 1.—There are but eleven amendments in the rate bill yet to be disposed of by the conferees of the senate and house. Twenty amendments disposed of was the record of the two sessions of the conference committee Thursday.

Of the amendments considered the senate has receded on but three while the house conferees have accepted thirty-nine. Those on which the senate has receded are all of minor importance and are regarded as not affecting the bill in any way. The amendments still in dispute include the express company amendment, those relating to oil and the ownership of producing properties by common carriers, the anti-pass amendment, the sleeping car provision, the "Jim Crow" cars, the bill of lading provision, the retention or rejection of the words "in its judgement," and "fairly remunerative," and the side-track amendment. The conferees at the morning session agreed to sit both during the afternoon and evening. Progress was so rapid at the afternoon session, however, that the evening session was abandoned, the last session concluding shortly after 5 o'clock. The prediction was confidently made that a complete agreement will be reached on the measure this week.

Will Found an Industrial School.

St. Louis, May 2.—It has become known that David Rankin, who is rated as a millionaire, has decided to give \$2,000,000 to found an industrial school in St. Louis.

H. F. MICHAEL CO.

KNOX IMMUNITY BILL.

Senate Passes the Measure With Practically No Debate.

Washington, June 1.—The senate has passed the Knox immunity bill and the omnibus lighthouse bill, with practically no debate, and passed the military academy bill, and was only prevented from passing the employers' liability bill by a motion at 2 p. m. to go into executive session. Most of the afternoon was devoted to consideration in executive session of the nomination of Judge James Wickesham to be judge of the United States circuit court for the District of Alaska, but he was not confirmed. The charges against him, which have prevented confirmation for three years, were urged strongly by Senators McCumber and Hansbrough, Nelson, Teller, Pettus and a number of others. He was defended by Senators Foraker, Dillingham, Bailey, Culberson and others. No vote was had, nor did it appear that one is imminent. He is serving on a recess appointment. At 5:50 p. m. the senate adjourned.

VESSEL CUT IN TWO.

Steamer Erin Sunk in Collision With the Cowle.

Detroit, Mich., June 1.—The steamer Erin, upbound and towing the schooner Danforth, was run into and cut in two by the steamer Cowle in the St. Clair river just below St. Clair and five members of the Erin's crew were drowned. The dead are: Chief Engineer Patrick W. Quinn, Port Dalhousie, Ont.; Fireman "Bang" Hill, St. Catharines, Ont.; Mrs. Mary Reed, Spanish River, Ont.; watchman, shipped from Detroit, home Amherstburg, Ont.; Mrs. Hubert, cook, Cleveland.

Twelve Persons Injured.

Hanava, June 1.—Twelve persons were wounded at Clenfuogues by the premature explosion of fireworks at the celebration of King Alfonso's wedding. At the Spanish casino in Hanava there was a banquet in honor of the Spanish royal wedding.

Seventeen Persons Injured.

Fort Worth, Tex., June 1.—A Fort Worth and Denver passenger train collided with some box cars near Wichita Falls, Tex. The engineer, fireman and fifteen passengers are reported injured.

Fatal Tornado in Texas.

Waxahachie, Tex., May 26.—The residence of J. D. Duke, a farmer, living eight miles east of Waxahachie, was struck by a tornado and completely demolished. An infant nine days old was killed and other members of the family were injured.

Social Democrats Victorious.

Tiflis, May 26.—The Social Democrats have been completely victorious in this city and in many districts of the Caucasus in the first degree elections for members of the lower house of parliament. In this city they elected 72 out of 81 electors.

TELEGRAPHIC BREVITIES.

The engagement is announced of Bertha Krupp, owner of the Krupp works, to Gustav von Bohlen und Halbach.

Ohio state university won the "Big Six" intercollegiate track meet held at Columbus Thursday, with a total of 75 points.

A petition has been filed in the federal court at Omaha asking that the Standard Beet Sugar company be declared bankrupt.

In the Gulf states' championship tennis tournament at New Orleans Thursday Thornton of Atlanta defeated Smith of New Orleans, 6-4, 6-4.

MIDLAND MUSINGS

(Special Correspondence)

Our creamery will start in a short time.

Mrs. A. R. Knowlen is again able to be around the house.

E. A. Rider is in clover. He is the only man in Midland.

Miss Daisy Borden is home from Bay Lake to remain the balance of the summer.

George Cole lost a valuable team, either strayed or stolen, he does not know which.

Charles Holst is building a barn to take the place of the one destroyed by the recent fire.

Mrs. E. A. Rider is at Vineland, called there by the illness of her daughter, Mrs. Sid Orton.

We are informed that J. J. Crowell has resigned as postmaster of Dykeman. A. C. Love will succeed him.

The mail carrier from Dykeman reports having seen a large bear Tuesday near Frank Chandler's place.

Miss Effie Warren spent Sunday with her parents at Vineland. She took her first ride in an automobile that day.

Quite a lively runaway occurred on Main street of Barnardville. Nothing was heard except one commandment.

Landlord Mann, of the Midland hotel, reports that his popular house is accommodating a large number of summer boarders.

A number of Dykeman, Vineland and Garrison fiddlers expect to take part in the fiddlers' convention at Brainerd Friday, May 25.

It is rumored that the village of Dykeman is preparing to celebrate the Fourth. A car load of red fire and paint has been ordered.

Several of our young people attended the dance at Ruben's bowery at Dykeman last Friday. All report having had the time of their lives.

The steambot "Queen Anne" has been at the Midland dock for some time with a crew of river pigs in charge of Capt. McClure picking up logs.

Neal Winsor reports having seen a huge sea monster in Mille Lacs lake. He didn't have the right bait in his pocket at the time so was unable to catch it.

The assessor, J. J. Crowell was recently observed on our streets carefully counting cats, dogs, cows, automobiles, gasoline launches and diamond engagements rings.

The Woodmen are still booming. A large class was adopted last Saturday evening. The deputy reports 12 applications not yet adopted. Where does he get them?

A railroad to Midland seems to be an assured fact. Surveying crews are reported working in the brush and everybody is dreaming of taking the 2:40 train to Brainerd.

J. N. Francis is having his house plastered by Wm. Baumgarten. The house when completed will be one of the finest homes in Crow Wing county, and a pleasant place for summer boarders.

George Roberts has decided to christen his launch about June 15. There is some controversy at present as to whether champagne or cider should be used at the christening. The name will be Anna, Bertha, Ida, Alice, Edith, Minnie, Lulu or something else.

CHEAP RATES TO BOSTON

\$19.00 for round-trip from Chicago (plus \$1.00), via the Nickel Plate Road, May 31st to June 9th, inclusive, with privilege of extension of return limit to July 15th. \$24.00 via New York City, all rail, or \$23.00 via New York City and steamer in both directions between New York and Boston. Stopover at Niagara Falls and Chautauqua Lake points, if desired, within limit of ticket. Tickets good on any train on above dates. No excess fare charged on any train on Nickel Plate Road. Meals in Nickel Plate dining cars, on American club meal plan, ranging in price from 35 cents to \$1.00, mid-day luncheon 50 cents; also a la carte. Three through trains daily, with modern Pullman sleeping cars to Ft. Wayne, Findley, Fostoria, Cleveland, Erie, Buffalo, New York City and New England points. Trains depart from La Salle St., Station, Chicago, the only depot on the Elevated Loop. Write John Y. Calahan, General Agent, Room 293, No. 113 Adams St., Chicago, for reservation of berths, in through standard and tourist sleepers, and full particulars. 30344t w1.

Cured Hemorrhages of the Lungs

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommended it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. H. P. Dunn & Co., coddw.

NORTH RIPLEY

Mr. Houghtson is visiting at S. M. Putman's.

Jack Perlinger made a flying trip to Little Falls Saturday.

F. W. Kappel and daughter, Louise, went to St. Mathias Thursday.

Mr. and Mrs. H. H. Baker, of Brainerd, visited W. L. Jack's Sunday.

Mrs. Mike Schlagel and Mrs. F. W. Kappel spent Sunday with Mrs. Frantz Kappel.

Those who attended the basket social at St. Mathias Wednesday reported a fine time.

The Lenexites that attended the dance at the Crow Wing hall reported a good time.

Miss Lizzie Smith returned from Brainerd Saturday after spending a few weeks with friends.

Mr. and Mrs. J. E. Chisholm, of Long Lake, are here visiting their daughter, Mrs. Alver Leighton.

Miss May Andrews returned to Staples Monday after a pleasant visit with her parents, Mr. and Mrs. W. J. Andrews.

ANOTHER FELLOW.

There is one thing that you can bank on. The present day young women are keener, brighter, and better looking and more self-reliant and less dependent. They all take Hollister's Rocky Mountain Tea. 35 cents, tea or tablets. H. P. Dunn & Co.

Taken up.

A small, dark sorrel mare, white star. Owner prove property, pay costs and take away. Call at 501, 4th St. N. 2712

New spring line rugs, carpets and wall paper at D. M. Clark & Co. 2611t

RETAIL TRADE HAS EXPANDED.

Warm Weather and End of Labor Troubles the Cause.

New York, May 19.—Bradstreet's weekly review of trade says retail trade has expanded with warmer weather and the settlement of labor troubles; jobbing trade business is in full seasonable volume, San Francisco demand being a feature, fall orders are equal to and in many lines in excess of last year at this period; industry, except in some sections of the soft coal field, is as active as ever before and the return tide of currency from the country is evidenced by increasing Western bank deposits and perceptibly easier money. Lack of moisture in portions of the winter wheat belt is responsible for the first irregularity of the season in crop reports but spring wheat and corn are doing well and while oats are thin, needing rain, damage to cotton from frost has been slight, vegetables being chiefly affected. Railway earnings show good gains. Building activity makes for a large sale of lumber, hardware, paints, glass and other material and the iron and steel industry, while showing some irregularity in foundry pig prices due probably to the molders' strike, draws great confidence from the large volume of orders booked for steel rails for next year's delivery. Prices show great steadiness at close to record levels.

ADDICKS OUT OF THE RACE.

He Says Dupont Will Be Elected Senator From Delaware.

Philadelphia, May 19.—J. Edward Addicks, who has been for years a candidate for a seat in the United States senate from Delaware, has arrived here from Washington, where he saw Chairman Cortelyou of the Republican national committee and announced that he is for Colonel Henry A. Dupont of Wilmington for the vacant seat in the senate. Mr. Addicks said there is no longer any doubt that there will be a call for a special session of the Delaware legislature within a few days; that a senator will be promptly elected and that Colonel Dupont will be the man. Mr. Addicks, in justifying his retirement, said that unless he took such a step the state of Delaware would go Democratic at the next election and his work of years would be all for naught.

TELEGRAPHIC BREVITIES.

Andrew Carnegie sailed from New York for Liverpool on the steamer Celtic Friday.

The church congress, which has been in session in Philadelphia since Tuesday, closed Friday.

At New York, Will Lewis, a welter-weight pugilist of that city, outpointed Joe Gans of Baltimore in a six-round bout Friday night.

The pope has selected a magnificent triptych, by a German painter of the Seventeenth century, as a wedding present for King Alfonso.

Dr. C. I. Shoop of the Shoop Medicine company of Racine, Wis., has been subpoenaed by the government as a witness in the action recently instituted in the federal courts of Indiana against the alleged drug combine.

Athletes Qualify.

Boston, May 19.—In the preliminary events of the Intercollegiate Athletic championship in the stadium at Harvard, Yale qualified 20 men to 14 for Harvard and 11 each for Pennsylvania and Cornell.

TELEGRAPHIC BREVITIES.

While shooting pigeons with a small rifle at Minneapolis, Floyd Shaw accidentally shot and seriously wounded Annie Soderman.

Senator Clapp has introduced a bill to remove the restrictions on the alienation of lands of the Five Civilized tribes of Indians.

Walter J. Travis was defeated by E. H. Byers of Pittsburgh in the semi-final round of the Men's Metropolitan Golf association's championship tournament at New York Friday.

At Ripon, Wis., Beloit college won a triangular college athletic meet Friday by a narrow margin, scoring 48 points against Ripon's 38 and Lawrence university's 37 points.

BURGLAR PROOF SAFES.

Vaults Built of Armor Plate With Dovetailed Joints.

The introduction of harveized armor into vault construction may fairly be described as the most important single step ever taken in the development of burglar proof vaults. A vault built of armor plate, with its joints dovetailed together and keyed from the inside of the vault and provided with a circular door ground into the armor plate front, is proof against any known method of burglar attack.

After the harveized plate has been cast and forged to the necessary thickness it is covered with a coat of carbonaceous material and heated for several weeks in a furnace until the carbon, which is the hardening element in steel, has eaten down several inches into the body of the plate. The plate is then reduced to size, and the edges where they lock into each other

METHOD OF JOINING ARMOR PLATE VAULTS AT THE CORNERS.

are machined and ground down to the dovetail shapes shown in the engraving representing the system of joining at the corners of angles. After these points have been machined and ground to an exact fit the plates are heated and then hardened. The vaults are built with the hardened surface on the outside. The dovetails are formed with one face square and the opposite face cut at the desired angle. The clearances are so arranged that the dovetails slide snugly into place as the plates are drawn together, and after they have been brought home long, wedging strips and key pieces are driven into place from inside the vault, locking the plates securely in position. The joint as thus formed is so close and massive that it is proof against any attack by floating nitroglycerin from the outside, and wedges will make absolutely no impression upon it, the hard face splintering the wedges just as it does the hard point of a projectile. For the same reason the drill is useless, and, as for the method of attack by using the arc light and taking the temper out of the steel, it is sufficient to say that the conditions necessary for the use of the arc are so difficult to obtain that no burglar could hope to use it without detection. The banking public need lose no sleep over the electric arc scare, of which we recently heard so much.

LIQUID ELECTRICITY.

Wonderful Discovery Claimed by an Italian Inventor.

Professor Adolphe Tame, the director of the electrical company La Gada at Oneglia, in Liguria, Italy, claims to have discovered after seven years of patient study a method of electrifying water or some similar fluid so that it can be used to drive any vehicle and to convey light or heat without any difficulty, the reservoir of liquid being itself the accumulator, and the force is conveyed by wires. The receptacle in which the fluid is held is the special invention of M. Tame, and his experiments prove that an automobile of twenty horsepower carrying twenty quarts of the magical water can make a run of ten hours at a cost of 2 cents per kilowatt hour; moreover, that electricity only loses 1.75 per cent of its power in passing into the liquid.

It is prophesied by those who have witnessed M. Tame's experiments that vessels will henceforth be driven by electrified water instead of steam and indeed that such as need a little extra energy will be able to take it in any form of liquid nourishment they most affect. There seems indeed no limit to the advantages of the new discovery, and Italy is to be congratulated on having followed up her great electrical sons, Volta and Marconi, by yet another, who has wrested some of the further secrets of her power from the magician Electra.

Trying to Abolish Flies.

A prize of \$500 has been awarded by the Paris Martin to the inventor of a new method of getting rid of house flies. The method is strictly scientific and, it is claimed, will completely destroy the eggs, which are usually deposited in drainpipes. Crude petrol mixed with water is used for household disinfecting purposes. The drainpipes become lined with the oil, which both kills the eggs already there and precludes the deposit of others. When desired the petrol can be poured on fine soil and the latter sprinkled in corners. This, it is said, is thoroughly efficacious in destroying the eggs. The operations should be carried out in the spring to obtain the best results.

Dust on a Pin Point.

A very simple experiment made by an eminent bacteriologist determines in a startling manner the potential dangers associated with accumulations of dust in living rooms. A pin point was used to convey as much dust as so small a vehicle will carry. This yielded no less than 3,000 colonies of living germs when cultivated on gelatin, and although fortunately every species was not representative of disease yet the majority were potent sources of decomposition and danger to health.—London Telegraph.

IMPORTANT CONFERENCE HELD.

President Roosevelt, Attorney General Moody and Garfield Confer.

Washington, May 19.—An important conference was held at the White House late in the afternoon, participated in by the president, Attorney General Moody and James R. Garfield, commissioner of corporations. It is understood that the report recently made by Mr. Garfield upon his investigation of the oil industry, which report was recently transmitted to congress, was under consideration, with a view to determining what, if any, further step is to be taken. It is understood that in connection with some features of the findings of Mr. Garfield the question considered was as to whether a legal remedy is to be applied or whether the rate bill now pending when finally passed, will not furnish a remedy for some of the matters complained of in Mr. Garfield's report. The conference lasted for an hour and a half. Mr. Garfield was the first to leave, the attorney general remaining with the president some little time after his departure. The attorney general has not yet had an opportunity to read and thoroughly digest the full report. While no statement was forthcoming with regard to the conference, it was stated on authority that in view of the fact that the attorney general has not concluded his examination of the report no conclusions were reached and no action has been decided on.

Veteran Breaks a Record.

New York, May 19.—Edward Pason Weston, the old pedestrian, now sixty-eight years old, reached the city hall in this city at 11:35 p. m., having walked from the city hall, Philadelphia, in 23 hours and 30 minutes, a distance of 92 miles—thus beating his own record made a quarter of a century ago.

TELEGRAPHIC BREVITIES.

The senate has confirmed the nomination of Charles C. Hought as district attorney of Minnesota.

Columbus, O., has been chosen as the next meeting place of the convention of the Brotherhood of Locomotive Engineers.

Hon. L. S. Coffin of Fort Dodge was nominated for governor by the Prohibitionists of Iowa in convention at Des Moines.

President Roosevelt has accepted an invitation to speak at a celebration to be held at Oyster Bay on Independence day.

The president has formally accepted the resignation of Horace A. Taylor as assistant secretary of the treasury, to take effect June 30.

A general courtmartial has been ordered for the trial of Captain Perry Garst, commanding the battleship Rhode Island, for grounding that ship May 6 on York spit.

An unidentified man shot himself in the forehead while sitting on the bank of the river at St. Paul. He was taken to the city hospital by the police, where he died an hour later.

At Indianapolis, Wednesday night Jimmy Gardner of Lowell, Mass., gained the decision from Jack O'Keefe of Chicago in the fifth round of what was to have been a ten-round contest.

PLOT AGAINST ALFONSO.

Alleged Anarchist Plot to Assassinate the King of Spain.

London, May 31.—A plot to assassinate King Alfonso on his wedding day has been discovered in London, according to an unconvincing story published by the Evening Standard. Fifty anarchists of England, France and Spain, who are said to be concerned in the conspiracy, are alleged to be on their way to Madrid with the intention of carrying out the attempt as the king is leaving the church.

The plan is said to have been hatched in Spain and London, but it is added that the police got wind of the affair and will take all the precautions necessary to protect the king. The project, it is asserted, included a revolution after the assassination with the view of overthrowing the monarchy. The Evening Standard asserts that Spanish officers are implicated in the plot.

Alleged Embezzler Caught.

Portland, Ore., May 31.—Arthur G. Reinke, formerly receiving teller of the Marshall & Ilsey National bank of Milwaukee, has been arrested here on a telegraphic warrant charging him with the embezzlement of \$14,000. Reinke expresses a willingness to return to Milwaukee without legal process.

Rheumatic Pains

"I have suffered terribly with rheumatism. I took Dr. Miles' Anti-Pain Pills and they gave me great relief. I have spells of terrible pains in my ribs, and in the small of my back, and the Anti-Pain Pills help me right away. I am now well of the rheumatism and think Anti-Pain Pills done me more good than all the other medicines. I first heard of them through the following circumstance that happened at our home two years ago. A friend, Mrs. Brown, of Orion, Mich., came to visit us. She had not been able to dress herself or comb her own hair for months. A friend of ours came in and seeing her suffering offered her some Dr. Miles' Anti-Pain Pills. She laughed at the idea of relief from such a source after doctoring for so long, but took one of the tablets with the remark that it would at least do her no harm. She took another that evening, and the next morning she was so elated that she went to the druggist's and got a package and took them home with her. Recently she was here again, and told us that she continued taking the pills, and that one box cured her, and she has not had a symptom of rheumatism since."

S. R. FARMER,
332 Third St., Detroit, Mich.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk.

Misses Cecil, Mary, Nora and Irene Boyle, daughters of Michael Boyle, leave today for St. Cloud where they will be joined Monday by Mrs. Boyle and the rest of the children. All will leave for Indianapolis, Ind., Tuesday to make their future home. Mr. Boyle will remain in Brainerd for some time yet.

G. B. Caron, a former resident of Brainerd, but lately of Estevan, Saskatchewan, Canada, was brought to St. Joseph's hospital suffering from the result of an apoplectic stroke received about three weeks ago. Mr. and Mrs. Pache, of Blackduck, his daughter and her husband, went to Canada and brought him here, arriving this afternoon. Mr. Caron is a brother of Eli Caron who died a few months ago and is well known by many old settlers.

TELEGRAPHIC BREVITIES.

It is stated that Emperor Nicholas of Russia will visit the Danish court in August.

The Western Intercollegiate tennis tournament was begun Monday on the courts of the University of Chicago.

Chicago won the postponed track meet from Minnesota on Northrup field at Minneapolis by a score of 82 to 44.

The condition of Senator Heyburn, who has been seriously ill in Washington for five weeks, has improved considerably.

Reports from the assessors show that ninety saloons closed in Cincinnati Monday on account of the increase in license from \$250 to \$1,000 a year.

Official details of the bomb outrage at Sebastopol, Russia, on Sunday show that six persons were killed and fourteen seriously and forty slightly injured.

Minnesota Judge Paralyzed.

Long Prairie, Minn., May 31.—Judge D. B. Searle of St. Cloud was found lying unconscious on the floor of his room in the Hotel Reichert here, and a physician, who was immediately summoned, found that he was suffering from a stroke of paralysis, brought on by indigestion. The judge had come here to deliver a Memorial day address. It is not thought that the stroke will prove fatal.

WILL OUST SENATOR SMOOT

SPECIAL TO THE DISPATCH.

Washington, June 1, 1906.—Congressman Robert Adams, of Pennsylvania, a prominent member of the House shot and killed himself this morning. Financial troubles the supposed cause.

Washington, June 1.—By a vote of seven to five the Senate Committee on Privileges and Elections voted Senator Smoot not entitled to his seat. The Committee voted unanimously to have a vote taken in the Senate at this session.

In after years nothing would be more dearly prized by a woman than a complete record of her school life. The class prophecy, class yell, class autographs, class colors, flower, motto, press notices, baccalaureate sermon, etc., as contained in the The Girl Graduate, her own book at H. P. Dunn & Co. 30543

Farm, Home & Garden

Short, pointed statements of methods and results in Grow Wing county are requested for this column. Address all communications to Farm Editor, Box 1516, Brainerd, Minn.

GREENS

This is the season of "Greens" and there are many varieties of them, both cultivated and wild. Dandelion, mustard, cowslip, horseradish and the ever staple beets, are used and enjoyed by nearly every lover of that dish. Spinach is usually on the market in cities and towns, but is not so much used as it deserves. Chard, which is a variety of the beet family, is another garden green that is not cultivated as much as it would be were people more familiar with its good qualities. It is tenderer than beets and the leaf has a large tender rib that is fine later in the season cooked like asparagus. Another common plant which few realize the value of in this line is lamb's quarter, sometimes called pig weed, the smooth leafed square stemmed weed that comes up so rapidly in the warm wet days of June, especially in very rich ground. The tender tops cooked well and served with milk, or cream if you have it, are very like asparagus, in fact it would be hard to tell them apart with the eyes closed. Purslain, or "Pusley" as the old time farmer would call it is another garden weed that is worth more in the pot for greens than it is in the garden, but that comes later in the season.

The best dairy cow seldom wins laurels at a cow show unless product is taken into consideration. The scale of points used in judging dairy animals should be amended to include performance. What in one dairyman's eye is an ideal dairy cow may prove quite the contrary according to his neighbor's standard.—Heatwole's Dairy Paper.

Each man should study for himself and when he has found what suits him, stay by it. Don't experiment with cross-breeding. Crosses are sometimes good, but more often disappointing and after the first cross then what? Many a good herd has been spoiled by too much experimenting. Don't do it. Choose a strain and follow line breeding, always using the best sires to be had.—A. W. Trow in St. Paul Farmer.

MEETS A HORRIBLE DEATH.

Minneapolis Man Mangled by a Stone Crusher.

Minneapolis, May 29.—Martin Stevenson, thirty-one years old, residing at 2436 Thirteenth avenue south, was caught in the belting of a stone crusher here and slowly crushed to death. He was bending down, working about the machine, when his clothing caught on it and his body was whirled through the air and carried into the gearing of the machine, where it was slowly mangled.

His fellow workers attempted to rescue him from the terrible death, but before they reached his body, traveling rapidly toward the gearing of the machine, a part of his clothes was already drawing his body into the gearing.

His body was badly crushed before the machinery was stopped and his body removed. He died a short time after he was taken from the machine. Stevenson was married and leaves three children.

Severe Fighting In Africa.

Berlin, May 29.—The latest official cablegrams received here describe severe fighting in Southern Southwest Africa. A series of engagements occurred between May 21 and May 25, in which the total losses to the Germans were four officers and thirty-six men, of whom two officers and seventeen men are dead.

Seventeen Greeks Killed.

Salonica, May 23.—A band of 100 Greeks Tuesday began burning the Bulgarian village Startchna, near Monastir. When six houses had been burned Turkish troops appeared and killed seventeen of the Greeks. The remainder of the Greeks fled, the Turks pursuing.

MINNESOTA BOYS DROWNED.

Lost Their Lives Trying to Land a Big Fish.

St. Cloud, Minn., May 23.—Excitement over having caught a big fish was the cause of Barney and Henry Lehman, eighteen and thirteen years old, losing their lives in Mahew lake. The boys were far out from the shore and when one of them was unable to pull in his "bite" the other came to his aid and the boat capsized. They clasped each other and went down together.

Contributions From Japan.

Washington, May 23.—The American National Red Cross has received \$30,000 from the Japanese Red Cross for the relief of the San Francisco earthquake sufferers. This brings the total Japanese Red Cross contributions up to \$80,000.

ATTENTION S. OF V.

All members of Logan Camp, S. of V. are hereby ordered to assemble at the Armory at 1:30 prompt Sunday afternoon, June 3, to attend the funeral of Comrade John H. Paine, of the G. A. R. The firing squad is especially urged to be present. W. S. TRACY, Capt.

Steam Boat Excursion on June 7th at Duluth

The Booth steamer line of Duluth are going to run the "Soo City" for an excursion June 7, 1906, leaving Duluth at 2 p. m., arriving at Two Harbors at 4 p. m. arriving at Duluth at 7 p. m. same date. The fare of fifty cents will be charged for the round trip. All passengers going to Duluth on the popular excursion of June 6, 1906, should try and take this in as it is at a very low price and you will have a ride of 60 miles and will see the largest ore docks in the world on this trip.

St. G. W. Mosier, Agent.

"I suffered terribly with my stomach for over a year. At times I would bloat so that I could not keep my clothes on. I also had pains in my side. After taking one bottle of Dr. Adler's Treatment I am entirely cured." B. F. Rhoades, Madelia, Minn. Large bottles at Johnson's Pharmacy.

D. M. Clark & Co., only installment house in city, goods sold on easy terms. 261tf

MORE WRITING ROOM

Hotel Ransford Removes Its Lunch Room

In Order to Make More Room For Writing

Catering to the convenience of the traveling public, regardless of expense, the Ransford has removed its lunch counter and will use the lunch room for a reading and writing room for the benefit of its patrons. The room will be furnished in the best of style to correspond with the rest of that popular hostelry.

Why yes we all thought that there was an end to the cough this winter, but I find that we sell more of Skaugs's Never Cough than during cold weather. If no cure money back. Skaugs the Laurel St. druggist. 302tf

Card of Thanks

We wish to thank our friends and neighbors who so kindly assisted us during the sickness and death of our infant daughter.

OLE ANDERSON AND WIFE.

LOOKING FOR PLACE TO CROSS

Surveyors Camped on Dr. Camp's Land Are Seeking Crossing Over Mississippi

HAVE TRIED SEVERAL PLACES

Aitkin, Pine Knoll, Mouth of Big Pine and Dr. Camp's Farm All are Investigated

The railroad surveying party supposed to be for the Soo Line is camped on Dr. Camp's farm between big and little Mission lakes. The principal object of the party at present seems to be to find a satisfactory place to cross the Mississippi. They have surveyed at least half a dozen lines across the river and seemed concerned most regarding that problem. On the west side of the river they have run lines both north and south of Pelican Lake and also one line north of the village of Pine River. They started from Duluth about four or five months ago and are working in a westerly or northwesterly direction. Their western objective point is a matter of surmise and is variously stated as Crookston and Detroit and nearly every point between the Soo Line.

G. A. Keene tells THE DISPATCH that according to residents of that part of the country some of the members of the party are engaged in prospecting for iron also. The theory is that it is the intention to follow the line of attraction so far as possible in order that the road may be a profitable ore carrier when the range is opened up.

The members of the party are reported as very genial gentlemen, ready to talk on every subject on earth except the object of their work.

10c Extra, for a sack of

OCCIDENT FLOUR

is a good investment.

A Lesson in Health

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. H. P. Dunn & Co. eoddw

Canfield Bros., Loerch, will drill for iron with core drill, also make tube wells. 3096b

BRainerd TWENTY YEARS AGO

Dispatch Files of Twenty Years Ago this Week.

Slipp Bros. Montana horse, that ran away the week before was still running so far as heard from. Was last seen in the French settlement heading toward the southwest.

"Editor Halsted will go east in a week or ten days and will visit the natural gas regions near Pittsburg before his return, presumably to lay in a new supply of that article."

Cel. C. B. Sleeper delivered the Memorial day address, at Gregory Park. An appropriate song was sung by Messrs. Congdon, Camp, Alderman and Hitchcock. Rev. J. W. Moore also delivered an address at the Congregational church.

Col. C. B. Sleeper was spoken of as available timber for district judge in the event of the promotion of Judge Stearns. The rear end of the Mississippi drive passed Brainerd.

Brainerd was holding ten months of school out of the twelve and was one of the two or three towns of the state doing so.

The contract for the bridge over the Nokai Siebe was let to C. P. Jones, of Minneapolis for \$815.

The county commissioners authorized a lease of the ground occupied by the city jail to the city for fifty years for \$5 per year.

Elk River took the Brainerd ball team into camp to the tune of 13 to 6.

Louisiana Negro Lynched.

Shreveport, La., May 23.—Tom Jackson, a negro, who had been arrested for holding up and robbing Hassel Barnes, a white boy, of \$1. was lynched at Blanchard, La., twelve miles north of here. The negro's body, riddled with bullets, was found in a field a half mile from where he had been chained.

Negro Must Hang for Assault.

Jefferson City, Mo., May 23.—The state supreme court has upheld the lower court's decision in imposing death sentence on Edward Boteman, a negro, convicted of having criminally assaulted Myrtle Digby, a white waitress at a hotel in Aurora. June 29 is the date set for the execution.

PUPILS RECITAL

Given by the Pupils of St. Benedict Sisters At Elk Hall, on Friday Evening, June 8th.

As previously announced the Sisters of St. Benedict will present a group of music pupils in recital on Friday evening, June 8th, at Elk's hall. Much care is given the training of pupils by the Sisters and an excellent entertainment is assured. The following is the program:

PART I.

Piano Duet—Zampa.....Herold
Misses Edith McCulloch, Essie Scogel.
Two-part Chorus—Lovely June....
Cecilian Choral Club.
Piano Duet—Galop.....Streabogg
Master Earl Koop, Miss Marie Koop.
Piano Solo—Valse Napolitaine.....Ringuet
Miss Marie Clark.
Piano Duet—Bird's Galop.....Gobbaerts
Misses Emily Dunn, Helen Kiebler.
Piano Solo—
a. Tarantelle.....Engelman
b. Joyeux Printemps.....Rougnon
Miss Marie Adair.
Piano Trio—Krauskopfchen.....Cramer
Misses Marion McCulloch, Marie Clark, Amorita Theviot.
Mandolin Solo—Little Chlo's Dance.....Henlein
Master Daniel Brayton.
Piano Duet—Vienna March.....Czerny
Misses Grace Elliott, Marie Elliott.
Piano Duet—Hilarity March.....Mero
Misses Cora Anderson, Irene Cosgrove.
Piano Solo—Polonaise.....Tourbie
Miss Flora McCulloch.

PART II.

Three Part Chorus—Dance O'er the Velvet Lawn.....Goate
Cecilian Choral Club.
Piano Solo—
a. Valse E Flat.....Durand
Miss May Jones
Piano Duet—The Steeple Chase.....
Wilhelm Fink
Misses Carrie Tyler, Bessie Murphy
Piano Duet—Les Dames De Seville
Misses Flora McCulloch, Jessie Foster.
Song—Comic Duet "We Would Not Talk of Our Neighbors".....
Misses Joy Brown, Edith McCulloch
Piano Duet—Grand Valse de Concert
Misses Bessie Murphy, Julia O'Brien
Musical Recitation—The Madonna at Pales
Miss Mamie Scallen
Four-part Song—When the Little Ones Say "Good Night".....Parks
Cecilian Choral Club.
Accompanist, Miss Mamie Cullen.
The Cecilian Choral Club consists of the following young ladies: Misses Essie Scogel, Hazel Jones, Mamie Scallen, Joy Brown, Edith McCulloch and Bessie Murphy.

W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Frino Laxative Fruit Syrup for chronic constipation, and it has proven, without a doubt, to be a thorough, practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." H. P. Dunn & Co. eoddw

\$19 TO BOSTON AND RETURN \$19 plus \$1.00, from Chicago, via Nickel Plate Road, May 31st to June 9th, inclusive; also via New York City at excursion rates. Attention Comrades

You are requested to attend the funeral of our late comrade, J. H. Paine, Sunday, June 3, at 2:30 p. m., at the First Baptist church, Sixth street North. Post will leave hall at 2 p. m. in a body. J. C. CONGDON, Commander. T. E. SMITH, Adjutant.

G. A. R.

Special meeting Saturday evening, June 2nd. Special and important business to come before the post. A full attendance is desired.

COMMANDER.

Old papers for sale at this office

WILL BRING WOOD DOWN THE RIVER

The Herbst Boat to Make Three Trip a Week to Mission and Also Tow Barges

WILL BUY WOOD UP RIVER

This is the Intention of the Owners of the Stern Wheel Steamer on River

There has been some fears of a wood famine in Brainerd next winter if the coal situation is not soon relieved. Last winter was a very hard winter to get out wood and tamarac as well as jack pine will be hard to get if the opinion of old timers is correct. The supply adjacent the M. & I. is becoming exhausted and the price going up. There is, however, an unlimited quantity of wood along the upper Mississippi between here and Grand Rapids that has been unavailable because of lack of transportation. It is with this situation in view that Joe Herbst, Al Hagadorn, Orvid Erickson and Frank Jurick have purchased and fitted up the Lively boat formerly run on Pine river. They have already purchased two barges and propose to secure several others and go into the wood business. They will purchase oak, maple, birch and pine of farmers along the river and bring it to Brainerd, landing it just above the dam. They give the boat its first trial run tonight and expect to make their first regular trip to Mission Sunday.

CHICAGO TO BUFFALO, N. Y.

and return, via Nickel Plate Road, at one fare plus twenty-five cents for the round-trip. Tickets will be sold from Chicago June 9th, 10th and 11th, with return limit of June 25th. Particulars at Nickel Plate office, No. 113 Adams St., Room 203, Chicago, Ill.

Subscribe for the Daily.

FIRST TRAIN SUNDAY

Minnesota and International Expects to Run a Freight to Ripple Sunday next.

The Minnesota & International has so far progress with the work of ballasting the Ripple extension that a freight will be run to Ripple Sunday if all goes as expected. This will be a special and the date of the starting of a regular schedule is still up in air.

Death.

Gladys Marie, the infant daughter of Mr. and Mrs. Ole Anderson, of Sewell died of indigestion May 20th. The funeral services held at their home, May 22nd, were conducted by Rev. Garrett, of the First Baptist church of Brainerd. That lovely bud so young and fair, Henceforth from early doom, Just came to show how sweet a flower In Paradise could bloom.

Cheap Rates to St. Cloud.

The Northern Pacific Ry. will have the rate of one and one-third fare for the round trip for the Minnesota State Association B. P. O. E., at St. Cloud, June 14-15. Dates of sale June 13 and 14, with final return limit June 16th. Half fare for children at half fare age. 298t18

A complexion fair men like to see, So girls take this advice, Don't hesitate to think it over, Drink Rocky Mountain Tea.

For Rent.

Store room in Towne McFadden block Front street. Cheapest rent in the city. Inquire of Mrs. J. K. McFadden. 3065t

THE DAILY DISPATCH brought to your door for only 10 cents per month

A STRENUOUS EXPERIENCE

George Keene and Party Got Mixed Up With a Hailstorm on Memorial Day

George A. Keene and Messrs. Trask, Shepper and Gilbert, of Minneapolis, had an experience on Memorial Day that they do not care to repeat. They were traveling along the east side of Pelican lake above Ami Gould's place when they were struck by a hail storm, accompanied by terrific wind. It came so suddenly that Mr. Keene, who was driving, had no time to get on a rain coat even, and the hail pelted the team so mercilessly that, though a quiet one it came near getting away from Mr. Keene, who was finally compelled to leave the road and turn into the woods to protect the team. The storm occurred about 4 o'clock in the afternoon and Mr. Keene states that he never saw it storm worse than it did then. A heavy storm was observed by them as they drove into the city that evening, apparently about over Mille Laes which looked mighty ugly. The storm that struck them went north of east apparently hitting the Big Rabbit country.

CATARRH A GERM DISEASE

Breathe Air Medicated by Hyomei and Kill the Germs.

Now that physicians and scientists universally agree that catarrh is a germ disease, the reason for the failure of the old-fashioned stomach dosing in this trouble is readily seen.

Prior to the discovery of Hyomei, a treatment which fills the air you breathe with germ-killing and healing medication, statistics showed that at least ninety-seven out of every hundred persons in this state were suffering from catarrh of some form.

The treatment with Hyomei is very simple and pleasant a small inhaler comes with every outfit and three or four times a day Hyomei is breathed through this, making the air at that time like that found on the mountains where the pine forests give off their fragrant and healing balsams.

The complete outfit costs but one dollar, while extra bottles can be obtained for 50 cents. H. P. Dunn & Co. have seen such remarkable results from the use of Hyomei that they sell it under an absolute guarantee that it costs nothing unless it cures.

ONE FARE FOR ROUND-TRIP

plus \$1.00 from Chicago to Boston and return, via Nickel Plate Road, May 31st to June 9th, inclusive. Also excursion rates via New York City. Extended return limit July 15th. John Y. Calahan, General Agent, Room 208, No. 113 Adams St., Chicago. 302dtwl

MUSIC AND DRAMA.

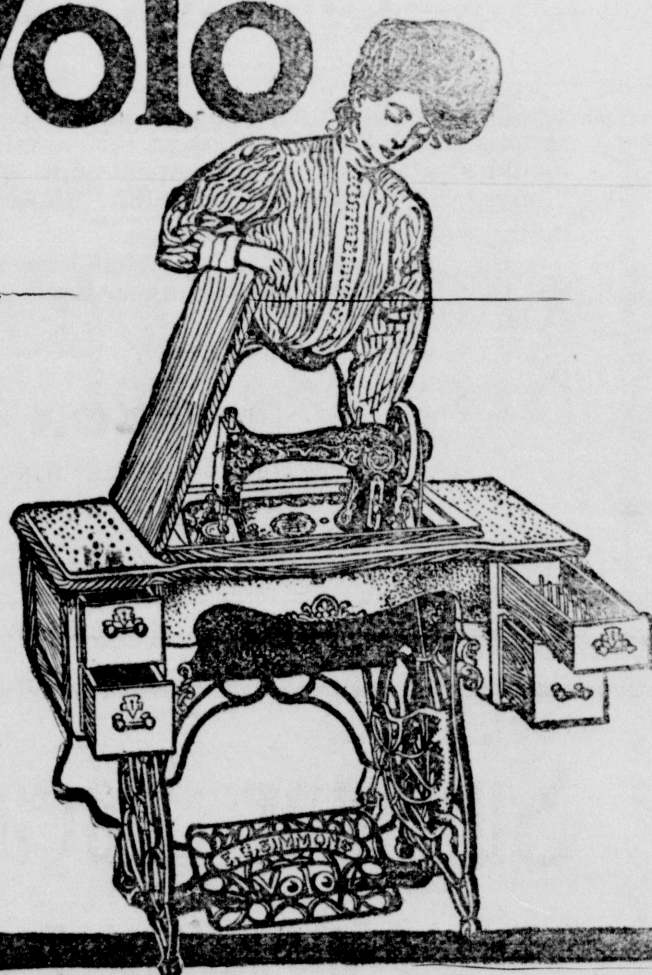

SAN FRANCISCO PICTURES TONIGHT.

Don't fail to see the motion pictures of the San Francisco earthquake, on exhibition at the opera house, tonight. Nothing like them has ever been offered in the history of motion photography. They are far in advance of any motion pictures yet taken, so far as clearness and distinctness are concerned, while the subject of the films has no rival in absorbing interest. Every detail of the mighty catastrophe is preserved in minutest perfection, and the pictures have been everywhere acclaimed as both matchlessly fascinating and historically valuable.

Will Cure Consumption

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of any one using Foley's Honey and Tar and not being satisfied. H. P. Dunn & Co. eoddw

Volo

Perfect in Every Detail

Although every part and principle of the sewing machine has been studied, improved and perfected to make the Volo the best and easiest running machine on the market, other features for general convenience have not been neglected.

On one side there are two dust proof drawers of equal depth. On the other a shallow drawer contains spindles for spools and an emery cushion. Beneath this drawer is a deeper one in which an oil can may be stood upright. The body of the machine is dust proof so that in standing the dust cannot penetrate it and reach the head. It has roller-bearings and is adjusted with the most painstaking care; the result is, the Volo is the fastest sewing, easiest running and most convenient for every use, and does work that cannot be equalled with any other machine in the world. The stand is highly finished in black with the finest Japan, and in addition is finished with a high grade varnish. The Volo represents perfection in material, workmanship and efficiency.

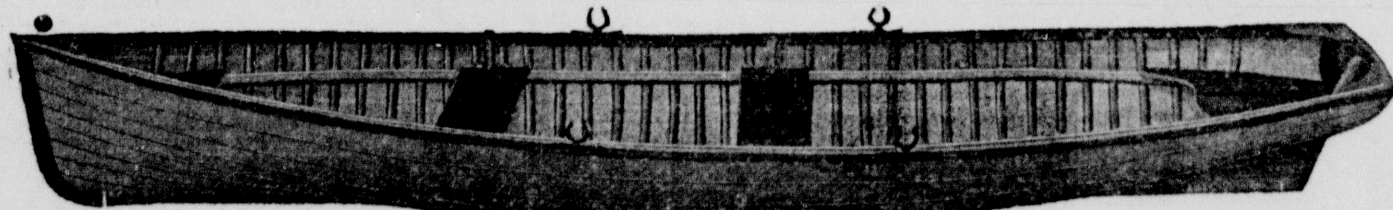

Price, \$40.

Every Volo fully guaranteed.

Cooper's New Discovery

Is a God Send to Suffering Humanity

Declares Mr. G. T. Baldwin, prominent citizen and manager for the Capitol Lumber Co. He knows from actual experience what this New Discovery in Medicine will do.

THE COOPER MEDICINE COMPANY:

Gentlemen: I have suffered terribly with Inflammatory Rheumatism for over a year. I have tried every Rheumatism Cure I could hear of without receiving any relief. At the time I began taking your medicine I was bed-ridden but in four days every trace of my Rheumatism had disappeared, and there has never been the slightest sign of its return. I consider Cooper's New Discovery and Quick Relief a God send to suffering humanity.

1712 W. New York St., Indianapolis. Signed: G. T. BALDWIN,
Mgr. Capitol Lumber Co.

That's a strong statement. But it is made by a business man, who is known throughout the entire state, as a man of character and integrity, a man whose word is as good as his bond, and this man says in a signed statement:

"I was Bed-ridden and in Four Days Every Trace of Rheumatism was Gone. Cooper's New Discovery is a God Send to Suffering Humanity."

Cooper's New Discovery costs \$1.00 per bottle; three for \$2.50; six for \$5.00. Cooper's Quick Relief, the assistant remedy, sells for 50c. Get them only of the dealer whose name appears below. Or where we have no dealer you can secure them by sending the price direct to

NORTH LONG LAKE.

Mrs. Wm. Johnston spent Sunday in Brainerd.

Mrs. Cortes spoke in our school house Sunday afternoon.

Mr. and Mrs. James Rhodes spent Sunday at Hughey's.

P. S. Taylor and son, Frank, were Brainerd callers Saturday.

Wm. Thompson and Wm. Gibb spent Saturday evening at Hughey's.

Wm. Taylor and Edger Haghey spent Friday evening at Walter Lang's.

Bertina Neishan came out from Brainerd Saturday to spend Sunday with her parents.

Mat Thompson and Wm. Gibb had a present of two fine Scotch Collie pups Saturday.

One of our Long Lake farmers had the misfortune Saturday to dump the contents of an eight gallon cream can in his wagon box. When interviewed he said he was trying a new way for churning. "No use crying over spilled cream."

COUNTRY COUSIN.

When chasing the butterfly of loveliness there is one thing to keep in mind and that is, chase the right kind—beautifullness that comes by taking Hollister's Rocky Mountain Tea. 35 cents, tea or tablets. H. P. Dunn & Co.

ESDON ETCHINGS

Miss Maggie Cool's was a caller in Esdon last week.

Mrs. M. J. Garrison has been on the sick list lately.

Hazel Maghan has been staying at Bay Lake lately.

Maud Hammett went home with Mrs. J. Coffield and spent a week.

Miss Mollie Avery went to George Roberts last Thursday to stay for the present.

Mr. C. Avery, Sr., is enjoying a visit from his daughter, Mrs. Sadie Cannon and family.

Mr. Gergan is having a kitchen added to each of the Gergan houses. Mr. Blade is doing the work.

The Misses Mae and Myrtle Hammett came up from Neutral Monday. Myrtle will make a short visit at home.

A heavy white frost last Monday morning, did quite a good deal damage to early potatoes, etc., probably to fruit also.

Mrs. J. L. Hammett, Marie and Lule went down to the Dykeman settlement for a visit with Mrs. Jim Coffield and family.

Judge Holland and C. Isle were visitors at the Isle's farm last Sunday. We understand Judge Holland is thinking of purchasing the farm.

Mrs. May Garrison was unable to attend the meeting held in Brainerd for the benefit of the Sunday schools of this district, owing to the heavy rain Friday and Saturday.

DAME RUMOR.

Leave your orders for awnings with D. M. Clark & Co.

APPROPRIATION BILLS

WILL OCCUPY THE ATTENTION OF THE SENATE DURING THE PRESENT WEEK.

FOR A SEA LEVEL CANAL

SENATORS APPEAR TO BE IN FAVOR OF THAT STYLE OF DITCH ON ISTHMUS.

Washington, May 25.—The senate is counting on a busy week, and the prospect is favorable to long work days and few interruptions. There will be a least two appropriation bills ready for consideration early in the week and the sea level canal bill, having been made the unfinished business, will be pressed as steadily as circumstances will permit. In addition, conferees will be appointed on the railroad rate bill; the nomination of the president's assistant secretary, Mr. Barnes, to be postmaster of the city of Washington, will receive attention and the bill declaring a policy in the matter of the purchase of Panama canal supplies will be considered.

The senate manifests a disposition to devote serious consideration to the canal type bill. When it is taken up Senator Kittredge will present, in a speech of considerable length, the reasons which impelled the majority of the committee on interoceanic canals to report in favor of the sea level plan. Senator Millard, chairman of the canal committee, will present a report giving the views of the minority members in favor of a lock canal.

As Speedily as Possible.

The general plan is to press the consideration of the appropriation bills as speedily as possible. The postoffice and naval bills will be ready for consideration early in the week, but it is not yet decided which will be given preference. Both will present features that will arouse debate.

Conference reports on the agricultural and legislative appropriation bills will probably be made before the close of the week and it is expected that the report of the conferees on the Indian bill, which already has been presented, will be taken up early in the week.

Two matters have been waiting somewhat on the return of Senator Tillman, who has been absent in South Carolina for the past week. These are the appointment of conferees on the rate bill and the further consideration of the Barnes nomination. Mr. Tillman is expected back early in the week. The rate bill conferees, of whom the South Carolina senator will be one, will be named then, and it is expected that the conference will begin as soon as Mr. Tillman can conclude his work in connection with the Barnes case.

The canal supply bill will be debated at some length and Senator Rayner will be among those to be heard.

SUNDRY CIVIL BILL.

Work on the Measure Will Begin in the House This Week.

Washington, May 25.—Work on the sundry civil appropriation bill will begin in the house this week. This bill is larger and carries more money than any preceding sundry civil act. The aggregate will be nearly \$90,000,000. The items relate to practically every branch of the public service. There will be every effort to confine general debate strictly to the measure. Chairman Tawney estimates that it will require fully a week to consider and pass the bill. It will not be reported from committee until Wednesday.

Legislation for the District of Columbia has the right of way the first day. It is the plan to finish the diplomatic and consular bill Tuesday and, if time remains, to continue the consideration of the naturalization bill. This measure, it is believed, can be passed with one full day of consideration.

The controversy between the pure food and the immigration bills, which has been looked for whenever the next vacant moment overtakes the house, will follow the disposition of the naturalization bill.

It is planned that no adjournment will be taken for the observance of Decoration day.

The Democratic filibuster to emphasize to the country that no progress is apparent on the statehood agreement is consuming considerable time in the house. Roll calls to determine the presence of a quorum have begun each day's session with but few exceptions and Minority Leader Williams announces his intention, encouraged by a "round robin" from his colleagues, to continue these methods. The statehood conferees announce that an agreement on that measure is in sight.

Victim of Mob Insane.

Kansas City, May 25.—Munroe Telfers, the negro who after being found under the bed of a white woman was strung up by a mob at Rosedale, Kan., near here, on Thursday, but was cut down by the police before he strangled, has become violently insane as a result of his experience.

PRINCESS ENA IS MERCIFUL.

Induces King of Spain to Pardon Condemned Man.

Madrid, May 25.—The first notable act of Princess Ena of Battenberg since her arrival in Spain to become the bride of King Alfonso VIII, has been to induce the king to pardon Fernando Lopera, who was condemned to death after an exciting trial. The dramatic circumstance under which pardon was given, as the condemned man was going to the gallows, attracts widespread attention and further augments the popularity of Princess Ena.

Lopera was to have been executed in the neighboring town of Badajoz, but the population solicited Princess Ena's intercession and she spoke to the king, who consulted with his ministers and, after a cabinet council, the government resolved to grant the request, as it was the first petition the princess had made in Spain. Thereupon the king issued a pardon, and a telegram announcing this fact reached the prison at Badajoz half an hour before the time set for the execution. The march to the scaffold was about to begin when a messenger brought word of the pardon.

There was remarkable scenes of rejoicing. The townspeople formed a procession and sang the praises of their queen-to-be. The people of Madrid also highly approved of the princess' humane intervention and the newspapers comment upon the coming queen's first act as being one of mercy.

The Pardo palace was again the scene of royal ceremonies, the ideal weather permitting open air religious services on the lawns of the palace, where the military bishop celebrated a mass.

Three Persons Drowned.

Chicago, May 25.—The overturning of a row boat in the Desplaines river near Willow Springs, twenty miles south of here, resulted in the drowning of Charles Saenger, Robert Holden and Albert Brunks, all of Chicago. They rocked the boat.

Seriously Disturbs Trade.

Chefoo, May 25.—The continued forced circulation of a nondescript Japanese war note yen in Manchuria, which is even at a premium over the gold yen, seriously disturbs trade from Chinese ports to Manchuria.

TELEGRAPHIC BREVITIES.

Mrs. Jefferson Davis, who is ill in New York city, is steadily improving.

Mrs. Julia Ward Howe passed her eighty-seventh birthday anniversary at her home in Boston Sunday in good health.

J. Guardino was seriously wounded by Joseph Galuto in a stabbing affray over a woman in a saloon at St. Paul Sunday.

William F. Nölker, a capitalist, is dead at St. Louis of injuries received in an automobile accident a week ago at Paris, Ill.

Edmond Blanco's four-year-old bay horse Jardy, by Flying Fox-Airs and Graces, has been sold at London to Senor Luro, an Argentine breeder, for \$150,000.

The American lawn tennis players, Beals C. Wright, Holcombe Ward, Kreigh Collins and Raymond D. Little, who will play for the Davis challenge cup, have arrived in London.

While taking part in an amateur game of baseball at Houston, Tex., Stach Wisnoski, aged twenty, was struck by a thrown ball, and after recovering the ball and throwing to a base fell dead.

Summer Vacation Where?

Thousands have the question answered to their complete satisfaction by that magic word

COLORADO

† The land of tawny peak and turquoise sky—a mile high—cool and inviting.

† Fishing, camping, automobilism, golfing, any sport you like.

† A keener eye, a stronger pulse, a rosier cheek: these are some of the arguments for Colorado.

* A beautifully illustrated booklet on specially prepared and delicately tinted paper, with cover in three colors, sent for three two cent stamps.

* Rock Island is the way to go—low rates all summer. A special reduction for the Elks' meeting. Full particulars on request, with illustrated Elks' folder free.

W. L. HATHAWAY,

District Passenger Agent,
322 Nicollet Ave., Minneapolis, Minn.

REFUSAL IS JUSTIFIED

STATEMENT ISSUED BY RUSSIAN GOVERNMENT ON THE QUESTION OF AMNESTY.

ASSASSINS CONTINUE ACTIVE

FRESH MURDERS OR ATTEMPTS TO MURDER OFFICIALS ARE DAILY REPORTED.

St. Petersburg, May 1.—The following official statement of the government justifying the refusal to grant amnesty has been given out and made publishable in all the papers of Russia:

"The question of full political amnesty which has been raised in parliament and which is included in the lower house's address to the emperor and supported by several organs of the Russian press, is far from meeting with sympathetic response from all sections of Russian society.

"It is impossible to avoid noticing a strong current of feeling against full amnesty in different classes of the population, where it is pointed out that political assassinations do not cease. News is daily telegraphed from the provinces of fresh murders or attempts to murder officials. In the presence of such an irreconcilable disposition on the part of the adepts of the terrorist societies the government cannot expose the peaceful, right thinking section of the population to danger. The government cannot refrain from bringing to justice terrorists and bomb-throwers. It cannot deliver from punishment by judicial sentences people who have committed and still are committing such crimes.

Prisoners Will Be Liberated.

"Concerning those who have been arrested by administrative order, many already have been and others will be liberated after careful investigation of the causes of arrest. The full pardon of all who have been arrested by administrative order is a possibility, and it may also be possible to abrogate definitely by legislative order states of war, extraordinary defense, etc., and further to institute judicial prosecution in localities where the revolutionary movement displays itself. Judicial repression at present is impossible in those districts owing to the terrorizing and assassination even of witnesses summoned to testify before the courts. But the over-excited state of public feeling above all in the districts referred to is unpropitious to the revision or abrogation of exceptional laws.

"Such is the opinion of the impossibility and inopportune of full amnesty entertained by those sections of society which, refusing to be carried away by pre-conceived views, face the reality of things in Russia in a reasonable spirit."

The publication in the Official Gazette of ukases fixing the dates for the election of members of the lower house of the national parliament in the Caucasus and Siberia has evoked the sarcastic comment of the leaders of the opposition that the emperor is the first to violate the new fundamental law and decrees which he signed May 8, the ukase not bearing the countersignature of a minister, as required by the constitution.

SCORES OF VETERANS INJURED.

Collision of Trolley Cars Also Results in One Fatality.

Lafayette, Ind., May 2.—One dead and eighty-three injured is the result of a collision on the Battleground interurban line, near this city. Of the injured seventeen are in the city hospital. With the exception of Rev. Peter H. Owens of Medaryville, Ind., all are expected to recover. Most of those caught in the wreck were only slightly injured. The victims nearly all are veterans attending the state G. A. R. encampment here.

Charles Roudesh, motorman of one of the wrecked cars, was killed and the officials say his disobedience of orders regarding running upon a switch is what caused the accident.

AMENDMENT TO TREATY.

Expected to Make Cuban Convention Distasteful to Great Britain.

Havana, May 2.—The senate committee on foreign relations has reported on the treaty between Great Britain and Cuba, which was signed twelve months ago, recommending its ratification with certain amendments. It is expected that these amendments will be distasteful to Great Britain and it is considered doubtful if the government of that country will accept the treaty as amended. The report of the committee will be discussed in the senate this week.

Oldfield Breaks World's Record.

Lexington, Ky., May 1.—At the Kentucky trotting horse breeders' track here Barney Oldfield broke the world's automobile record for fifty miles, held by himself. He covered the distance in 1:13:02, his previous mark being 1:16:20.

Kills His Wife and Himself.

Memphis, Mo., May 25.—Near Lawn Ridge, James A. Hachurst, a carpenter, shot and instantly killed his wife and then killed himself.

TRAGEDY IN KENTUCKY.

Three Men Found Dead as a Result of a Quarrel.

Mayfield, Ky., May 21.—A triple tragedy, the details of which will probably always remain a mystery, has occurred at Lynnville, this county. A visitor to the warehouse owned by Mark Wilson, a prominent merchant, found the proprietor, his brother, West Wilson, and Arthur West on the floor shot to death. Revolvers were found beside the bodies of Arthur West and West Wilson. Two citizens reported that they had been at the warehouse shortly before 7 o'clock p. m. and left the trio apparently on good terms, although all had been drinking. The supposition is that West Wilson and Arthur West engaged in a shooting affray, killing each other and that one of the bullets struck Mark Wilson.

HUNTED BY BLOODHOUNDS.

Man Who Shot One of His Tormentors a Fugitive.

Marietta, O., May 21.—John West, thirty years old, is in the hospital with a bullet near the heart and John Buck, charged with the shooting, is at large with a posse of neighbors hunting him with bloodhounds. Buck had been tormented by West and a number of companions who pelted his house with stones. At night Buck lay in wait with a gun. When the stones began to rattle against the house he fired and West fell. Buck escaped to the woods, leaving a note saying that he intended to commit suicide.

Wounds Proves Fatal.

Bluefield, W. Va., May 21.—Charles Brown, a traveling salesman, who was shot three times by Henry McNew at Witten's Mill, Va., Saturday and who was brought to Bluefield hospital on a special train, is dead. It is alleged McNew insulted Brown's wife and when Brown called on McNew to explain his conduct, McNew opened fire. McNew escaped to the mountains.

Overseer Killed by a Boy.

Broken Bow, Neb., May 21.—Sheriff Richardson has received a message saying George Morrison, road overseer near the village of Aetna, had been shot to death by a boy named Charles Dennis. The shooting was the result of a quarrel over a disputed right of way.

Wounded by a Bomb.

Loudin, France, May 21.—A bomb exploded at St. Chartres Sunday. Several persons were dangerously wounded and several others slightly injured.

TELEGRAPHIC BREVITIES.

Michael Davitt, who is ill in Dublin, is reported better.

J. A. Buchanan of Superior, Wis., was drowned near West Duluth by the overturning of his canoe.

Emperor Francis Joseph has arrived at Budapest for the opening of the Hungarian diet this week.

Trade between the United States and British Australasia in the fiscal year 1905 aggregated \$38,000,000, against \$34,500,000 in the preceding year.

The house committee on library has authorized a favorable report on a bill authorizing the expenditure of \$100,000 for the erection in Washington of a suitable memorial to Christopher Columbus.

TELEGRAPHIC BREVITIES.

The General Federation of Women's clubs is in session at St. Paul.

Patrolman Charles Gates fell from his horse at Burr and Beaumont streets, St. Paul, and was probably fatally injured.

Mrs. Robert Edeson, wife of Robert Edeson, the actor, who was known to the stage as Ellen Berg, is dead in New York city.

Building operations in the ruined portions of San Francisco have received a setback owing to the dilatory tactics of the underwriters.

There is absolutely no foundation for rumors current that Emperor Francis Joseph of Austria has resolved to abdicate as the result of ill health.

The French cabinet has decided to send a warship to Tangier in order to obtain satisfaction for the recent assassination of a Frenchman in that vicinity.

The St. Paul lacrosse team, winner of the championship of the United States last year, was defeated in Chicago Wednesday by the Chicago Lacrosse club. The final score was 3 to 3.

Policeman Attempts Suicide.

New York, May 24.—Henry Morton, a policeman who played a prominent part in the trial of Bertha Claihe for the killing of Emil Gerdon several months ago, made three unsuccessful attempts to commit suicide after he had been indicted by the grand jury on a charge of having committed perjury at the Claihe trial.

Verdict of Suicide.

New York, May 24.—A verdict of suicide was rendered by the jury in the inquest into the death by a pistol shot wound of Charles L. Spier at his home at St. George, Staten Island, on the morning of Monday, May 7.

Accepts Rojestvensky's Resignation.

St. Petersburg, May 24.—Emperor Nicholas has accepted the resignation of Admiral Rojestvensky, which was tendered on the ground of ill-health, following wounds received in the war with Japan.

DEMOCRATIC PLANS.

HOPE TO CAPTURE THE NEXT HOUSE OF REPRESENTATIVES.

Congressional Campaign to Be Prosecuted by the Democratic Leaders Along the Line of a General Assault Upon the Protective Tariff.

Washington, May 14.—Every effort will be put forth by the Democratic leaders in both branches of congress, and especially in the house, to divert all general discussion for the remainder of this session to the tariff question. Chairman Griggs of the Democratic congressional committee is laying plans to make the tariff an issue, and he hopes by the efforts to be put forth during the next six weeks to bring that issue well to the front throughout the west and northwest, in the expectation of making profit out of the alleged discontent that has been fomented by the efforts of the Cummins stamp of Republicans in that section of the country.

It is manifestly the purpose of the Democratic campaign managers to press the tariff question along the lines best suited to Democratic campaign work, in the hope either of greatly reducing the Republican majority in the next house or possibly contributing to the Democrats carrying the house in the congressional elections next fall. To this end Democratic members will be busy from now to the end of the session discussing certain features of the tariff that have been mentioned of late and dwelling with particular emphasis upon the statements made from time to time regarding the sales of certain commodities in foreign markets at lower prices than like articles are sold in the United States. There is such an excellent field for misrepresentation and juggling with facts and figures in this "issue" that the Democrats expect to have an easy time with it, as they had in the first few months after the passage of the McKinley tariff in 1890, when they fooled the country into electing a Democratic congress by the campaign cry of "high prices" to result from protection.

The Republican party is at some disadvantage in the coming congressional campaign, due to indifference among the leaders whether the next house shall be Republican or Democratic. Some Republican "wise men" profess to believe that a Democratic house at this time would not be altogether an evil. They point out that the blunders which a Democratic majority in the house would certainly make in an effort to get together upon vital principles in legislation would furnish the country with an object lesson which would be of great value in the following presidential election.

Another point suggested in connection with possible Democratic success, and one that gives rise to more apprehensions among the Republicans than any other that has been suggested, is the fact that the Democratic party generally makes the best fight when it is hopelessly disorganized and far from agreement upon any question. The point was made the other day by one of the most observing and best informed of the practical political leaders on the Republican side of the senate that the country is more likely to trust the Democratic party when it is hopelessly at sea and far from agreement upon any well defined issue of the times. Probably upon no other question is the Democratic party more divided than it is upon the tariff. For that reason Democrats are able to make a general campaign of denunciation of the Republican policy and misrepresentation of the effects of protection and win a large number of votes among the unthinking throughout the country. If the people throughout the American Union became thoroughly convinced that the Democratic party is united in a campaign for demolishing the protective system, and would carry that policy into effect if the party gained control in congress, it would be an easy matter to defeat the party at the polls in any election. It is only when the Democratic party is not united and presents a large number of issues, all advanced in many different ways, in as many different sections of the country, that their party organization presents a formidable front. It is this general policy of campaign bushwhacking that the managers of the Democratic organization intend setting on foot for the coming congressional elections.

It is apparent from the character of the speeches thus far made in the house of representatives by the Democrats that their chief slogan in the coming campaign is to be denunciation of the existing tariff law because of the report that certain commodities produced in the United States are sometimes sold in foreign markets at lower prices than like articles are sold for in the American markets. The statement of the case by Democratic orators is composed chiefly of vehement denunciation of protection as the "promoter of combinations that are robbing the people." This brand of oratory has a familiar sound. It was heard throughout the debate on the Mills tariff bill in the Fiftyeth congress and was repeated by every Democratic speaker who denounced the McKinley tariff and who sang the praises of the Wilson-Gorman tariff, that spread such a pall of despair over the American nation in the years from 1894 to 1897. The interesting fact about this kind of debate on the part of Democratic orators today is that it does not adhere to the facts in the case nor does it state the reasons for the occasional sales abroad of articles at lower prices than in the domestic field. It also fails to disclose the fact that the policy of selling abroad under certain circumstances at lower prices obtains in every large industrial country in the world and has been the subject

of more bitter complaint by the commercial organizations and representatives of British industry than any other feature of modern international trade.

Some testimony was given on this point by E. H. Gary, chairman of the board of directors of the United States Steel corporation. The attention of Mr. Gary was directed to testimony that had been given last year alleging that "the United States Steel corporation had sold 100,000 tons of steel plate to Belfast shipbuilders at \$24 per ton," this being a considerably lower figure per ton than the domestic price.

The reply of Mr. Gary to this statement was that the steel corporation had sold no such amount of steel in that year or any other year. He asserted that the steel corporation sold 3,000 tons of steel plates abroad in 1904, not any in 1903 and not any in 1902. Mr. Gary went on to show that not only the large manufacturers of this country, but all the great manufacturers of the leading industrial countries of Europe, have a home price and also an export price, the latter being quoted on surplus stock "dumped" in foreign markets. He showed that in Germany the home price of steel rails is \$30 and the export price \$24. In France the home price is \$31 and the export price \$25.50. In Austria the home price is \$31 and the export price \$24. In the United States the home price is \$28 and the export price about \$26.60.

When the Democratic campaign orators face the people on this issue they will learn much regarding the desirability of maintaining operations in the mills of the United States and maintaining the wage scale throughout American industries, even in the face of occasional sales abroad of commodities at lower prices. It will be shown that irrespective of the "dumping" prices quoted for foreign countries the domestic prices in this country, not only on steel rails, but on most articles of like character, are lower in the United States than are the domestic prices on like commodities in foreign countries.

ARTHUR J. DODGE.

KEEP THE TARIFF STEADY.

Sound Republican Doctrine For Consumer and Producer.

The Springfield Union, after standing pat in the belief that the manufacturers don't want tariff revision, suddenly discovers that the consumers do, which leads it to view the situation in quite a different light.—North Adams Transcript.

This is what comes of wabbling and straddling. To be on both sides of the tariff revision fence at one and the same time seems to be quite the fashion among Republican newspapers in Massachusetts. This situation must be more or less wearing on the nerves, to say nothing about the seat of the trousers. If the Union and a lot of New England journals of kindred type would only find themselves on the tariff question and then stay found it would be better for their peace of mind and likewise their reputation for consistency.

A good place to begin at would be to endeavor to convince every one of the consumers that he is first of all a producer, either of labor or of the products of labor, and that if he wants to continue to have the best possible market in which to sell his product, whether it be labor or the product of labor, he had best keep the tariff steady by letting the tariff alone.

Secretary Shaw brought out this point most forcibly in his St. Louis speech of April 26. We should think that a very wide circulation and reading of this admirable speech among New England consumers would help some. And yet we do not suppose that half a dozen Republican newspapers in New England have printed Mr. Shaw's speech in full or have printed any considerable extract from it. The ability to recognize sound Republican doctrine is in danger of becoming one of the lost arts.

RESULTS OF PROTECTION.

The Astounding Bank Clearings For the Last Calendar Year.

Our bank clearings during the calendar year 1905 were not only the greatest in our history, but show a most remarkable gain over any preceding year. The total amounted to the vast sum of \$143,874,902,598. This is \$31,000,000,000 more than the preceding year and more than \$25,000,000,000 in excess of any previous year. When it is considered that our average annual bank clearings under the Wilson-Gorman tariff were only about \$50,000,000,000 it will be seen what wonderful strides our business transactions have taken since the Dingley law went into effect. Should our clearings for the present year continue as they have begun they will exceed \$200,000,000,000, the clearings for January being \$16,321,500,279, nearly \$2,000,000,000 more than the month preceding, which broke all records.

It seems probable that the clearings for 1906 will be four times as large as those for 1896, only ten years previous. We are now doing just four times the business we were doing under free trade. It would be folly, yes, a crime—to interfere with a tariff that brings such results.

Presidential Timber.

The possible presidential timber in the Roosevelt cabinet has not been exhausted when the names of Root, Taft and Shaw have been mentioned. If Uncle Joe Cannon is not too old to be boomed, as his friends think, Ethan Allen Hitchcock, who is but seven months older, need not be considered out of the question. If the popular demand is to be for a reformer—a man who can root out and punish graft—the stern old secretary of the interior has more results to his credit than all the young fellows put together. He has been honest, vigilant and vigorous. And he hasn't made any noise about it.—Buffalo Express.

SAILS FOR THE ARCTIC REGION.

Anglo-American Exploration Expedition Begins Its Journey.

Victoria, B. C., May 1.—The Duchess of Bedford, with the Anglo-American Arctic exploration expedition on board, has sailed for the Arctic with the object of seeking a large stretch of undiscovered land believed to exist in the Beaufort sea, west of the Alaskan coast, and incidentally conduct geological, geographical, ethnological and other scientific work. The expedition is headed by Captain Einar Mikkelsen, a Danish navigator who has been twice a member of Arctic expeditions, and Ernest de K. Leffingwell, a University of Chicago geologist, who was, in company with Mikkelsen, a member of the Baldwin expedition. It includes Einar Ditlevson, a Danish artist; Zoologist George Howe of Harvard, and seven members of the navigating crew, a total of eleven. Ernest Stefansson of Harvard, an ethnologist, has started for Herschel Island to meet the vessel at a rendezvous.

From Victoria the Duchess of Bedford will sail to Kadiak, thence to Siberia to secure sixty dogs, and will then enter the Arctic through Bering strait, skirting the shore to Banks Island, where the depot will be established from which various scientific expeditions will be sent over the ice.

CUTTING DOWN EXPENSES.

Voliva Says He Is Running Zion City Economically.

Chicago, May 1.—Wilbur G. Voliva, the present head of the Christian Catholic church, announced to his followers in Zion City Sunday that between Jan. 15 and May 19 he had reduced expenses to the financial department of the church from \$9,800 per month to \$2,832 per month. A saving has been made also in the ecclesiastical department that will amount to \$70,000 annually. Overseers who had been receiving \$300 per month were reduced to \$60. The pay of others was cut in proportion. His own compensation under the new adjustment, Voliva said, is \$100 per month. These facts, he said, were some of the details of a report which he made to a committee appointed by Federal Judge Landis to investigate the condition of the industries in Zion City.

The condition of John Alexander Dowie is said to be practically unchanged.

WALLACE CRITICISES TAFT.

Says Secretary Used His Position to Again Attack Engineer.

Washington, May 24.—Former Chief Engineer John Wallace of the Isthmian canal has addressed a letter to Senator Millard, chairman of the committee on interoceanic canals, in reply to Secretary Taft's recent testimony before that committee, in which he charges Secretary Taft with having abused his official position in order to make a second assault upon him and to place in a public record statements "calculated and apparently intended to affect my reputation for veracity, such as he would not make to me as one man to another, face to face." He also imputes to Governor Magoon a breach of confidence in having advised him to take a certain course of action and then anticipating it by secretly writing to Secretary Taft. While expressly stated that he bears no ill will toward William Nelson Cromwell, Mr. Wallace speaks of the bias of Secretary Taft in favor of that gentleman and says that Secretary Taft was aware that Mr. Cromwell, among other things, was trying to secure the payment by the United States of an improper claim which, however, was afterwards disallowed by the president.

BREAK UP POLITICAL MEETING.

Fatal Duel Between Two Men at Chipley, Ga.

Columbus, Ga., May 24.—A special to the Enquirer-Sun from Chipley, Ga., says that an outdoor political meeting addressed by Hoke Smith was broken up there by a pistol duel in the edge of the crowd in which Joe Hasty, a farmer, was killed, and John Irvin, his slayer, was killed three blocks distant by a crowd which pursued him. It is reported that bad feeling had existed between the two men on account of a small debt—15 cents—and when they met the quarrel was renewed. About sixty-five shots were fired. Two men were slightly wounded by stray bullets.

ONE LIFE LOST IN FIRE.

Woman Burned to Death in Conflagration at Fairbanks, Alaska.

Alameda, Cal., May 24.—The Northern Commercial company, the largest of the mercantile concerns interested in Alaska, has received the following from its agents at Fairbanks: "The entire town from Turner to Lacey street and back to Third, except the Fairbanks Banking company's building and warehouse, has been destroyed. One woman, Lotta Talbot, was burned to death. No damage was done to our plant except to the electric light mains. The fire has been extinguished."

Prince Visits President.

Washington, May 24.—Prince Maharajah Gaikwar of Baroda, Gujarat, India, and his brother were received at the White House at 2:30 p. m. by President Roosevelt. The reception was purely informal. The Indian prince and his brother have been invited by the president to lunch with him at the White House on Saturday next.

"ALL WOOL" ALL WELL

CLOTHCRAFT is not a mere trade mark but a mark that means much in the clothing trade—it is the insignia of style; and clothes without style, you know, are like a violin without strings, minus its soul. Then again there's the heart of CLOTHCRAFT CLOTHES, the inside—fifty years of experience counts for something and when a maker of clothing establishes a precedent of constant betterment—the wearer is sure he's safe. Anything but "all wool" has no place in CLOTHCRAFT CLOTHES, cotton, shoddy, careless weaving, unreliable fabrics are absolute strangers to this brand and no one knows it better than the mills themselves; some satisfaction in that, isn't there? Satisfaction in your knowing it too, and what's more, they cost no more than the risky kind, because we have happily and successfully solved that problem in the buying, the manufacturing, and the selling. You could easily pay more and not fare half as well; remember, when you pay less than the CLOTHCRAFT prices, you get less.

J. F. Murphy.

Notice!

Having just had the shoe repair business and work of 12 years, I am prepared to do work for my old customers, prompt and satisfactorily. I have work this is a repair work in trained and have always given the best of satisfaction.

FOLEY'S HONEY AND TAR for children; safe, sure. No opiates

Weak Women Made Strong, Sick Women Made Well.

IN the above eight words is summed up the great work for women which is accomplished by Dr. Pierce's Favorite Prescription.

The record of cures effected by this remedy is without a parallel. Thousands of testimonials received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women.

It is composed wholly of medicinal principles extracted from the roots of native, American forest plants, pure triple-refined glycerine of proper strength, being used instead of harmful alcohol both in extracting and preserving these medicinal principles.

IT IS A POWERFUL INVIGORATING TONIC,

imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," "run-down," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

AS A SOOTHING AND STRENGTHENING NERVINE,

"Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the organs distinctly feminine. It induces refreshing sleep and relieves mental anxiety and despondency.

CURES OBSTINATE CASES.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhea, excessive flowing, painful periods, unnatural suppressions and irregularities, prolapse or falling of the pelvic organs, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the uterus, inflammation, pain and tenderness over the ovaries and kindred ailments.

FREE CONSULTATION.

An invitation is extended by Dr. Pierce to every sick and ailing woman to consult him by letter. There is absolutely no charge or fee for this consultation. Every letter is carefully considered, fully answered, and its statements held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE BADGE OF HONESTY.

Each bottle of the above medicine bears upon its wrapper a badge of honesty in the full list of ingredients composing it—*printed in plain English*. This frank and open publicity places this medicine in a class all by itself. It cannot be classed as a patent nor secret medicine for it is neither—being of known composition.

DR. PIERCE'S PLEASANT PELLETS

cure biliousness, sick and bilious headache, dizziness, costiveness, or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belchings, "heart-burn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels.

One little "Pellet" is a laxative, two are cathartic. They regulate, invigorate and cleanse the liver, stomach and bowels. As a "dinner pill," to promote digestion, take one each day. To relieve the distress arising from over-eating, nothing equals one of these little "Pellets." They're tiny, sugar-coated, antibilious granules, scarcely larger than mustard seeds.

HEALTH AND HAPPINESS.

How to live in health and happiness, is the general theme of Dr. Pierce's Common Sense Medical Adviser. This great work on medicine and hygiene, containing over 1000 pages and more than 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

FORAKER AMENDMENT

**FAVORED BY THE REPUBLICAN
CONFEREES ON THE STATE-
HOOD MEASURE.**

AS SUBMITTED A YEAR AGO

**AGREEMENT ON AMENDMENT
WILL BE REPORTED TO CON-
GRESS THIS WEEK.**

Washington, June 1.—The Republican managers in the house state that the conference report on the statehood bill will be made this week. This report will be an agreement on the basis of the Foraker amendment of a year ago, which provided that the people of Arizona and New Mexico may vote on the question of joint statehood at a regular election held for the purpose of electing a delegate to congress. The amendment is to be reported exactly as it was introduced a year ago by Mr. Foraker in the senate.

It was agreed that Guthrie should be the new capital of the State of Oklahoma till 1915, with certain restrictions as to the amount of money which may be expended prior to that date. At that time a vote is to be taken for the selection of a capital site.

INTRODUCES A SUBSTITUTE.

Congressman Crumpacker Would Alter Meat Inspection Bill.

Washington, June 1.—Representative Crumpacker of Indiana has introduced a bill as a substitute for the Beveridge meat inspection amendment placed on the agricultural bill in the senate. The bill defines the authority which may be vested in the secretary of agriculture and lifts the authority so as not to conflict with the police powers of the state. In accomplishing the adequate inspection with this restriction, provision is made whereby the secretary of agriculture may accept the inspection of state inspectors as to the sanitary condition of pack-houses. Where opposition is made on the part of packers, which would make the state inspection inadequate, the secretary of agriculture is authorized to stop all meat products at state lines and make a thorough inspection. Where the state inspection is accepted by the secretary that federal inspection in transit will not be made. Certain labels and tags to denote the character of the state inspection are provided for use.

Mr. Crumpacker believes the Beveridge amendment in authorizing federal inspection of pack-houses is a violation of the police powers of the states and that all rulings sustain this position.

Cudahy Protests.

Edward Cudahy, head of the Cudahy Packing company of Omaha, Neb., has written members of the Nebraska delegation in congress protesting against the Beveridge meat inspection amendment to the agricultural appropriation bill. He objects to the provision compelling the packers to pay for the inspection and complains that the bill is too drastic in every particular.

President Roosevelt late in the day consulted with Secretary Wilson of the department of agriculture and Senator Beveridge regarding the Beveridge amendment to the agricultural appropriation bill. Special Agent Reynolds and Commissioner of Labor Neill, who investigated the conditions at Chicago and other places for the president, and several of the subordinate officials of the department of agriculture, including Alonzo D. Melvin, the chief of the bureau of animal industry, and George P. McCabe, the solicitor of the department, also were present. There was a very full and free discussion of the probable effect of the operation of the Beveridge amendment, but none of those present was willing to discuss the details.

HARMONY PREVAILS.

Democratic Campaign Committees Meet in Washington.

Washington, June 1.—The campaign committee of the national Democratic congressional committee and a sub-committee from the national committee met here at night for conference in the rooms of the congressional committee. Every member of the campaign committee with the exception of two were present. After the conference, which lasted for nearly three hours and which was for the purpose of talking over plans for the coming congressional campaign and harmonizing any difficulties that might be found to exist between the two committees, the conference adjourned with utmost harmony between the two bodies.

Farm Hand Hangs Himself.

Pipestone, Minn., June 1.—Ben Buck of Trosky, Minn., committed suicide by hanging himself. Buck was employed as a farm hand two miles east of Trosky, and no motive for the deed is known.

Club Women in Session.

St. Paul, June 1.—The biennial convention of the General Federation of Women's clubs is in session in this city. About 700 delegates are in attendance.

MERGER OF MINES.

Companies Owning Arizona Mines Will Be Consolidated.

Duluth, May 21.—Official announcement is made that the officers of the Calumet and Pittsburg, Lake Superior and Pittsburg, Junction and Pittsburg and Duluth Mining companies are to be consolidated under a new Minnesota corporation of \$20,000,000 capital. The mines are at Bisbee, Ariz., and are under the same management as Calumet and Arizona, and were promoted by the same people. T. F. Cole, C. A. Congdon and C. D. Autremont of Duluth and the Heaton of Calumet are prominent in the companies.

A man who is in perfect health, so he can do an honest day's work when necessary, has much for which he should be thankful. Mr. L. C. Rodgers, of Branchton, Pa., writes that he was not only unable to work, but he couldn't stoop over to tie his own shoes. Six bottles of Foley's Kidney Cure made a new man of him. He says, "Success to Foley's Kidney Cure." H. P. Dunn & Co. coddw

MISSION.

Pine River raised a foot Friday night.

Willie Jordan went to Brainerd Wednesday.

Mr. O'Neal, of Green Prairie was a caller here Saturday.

A. F. Lively's little trotter got hurt while out in the pasture last week.

W. E. Lively commenced rafting his pulp wood and cord wood last week.

The Little Pine drive will be out in a few days, they are down as far as the Little Pine Bridge.

The dance at Fred Howe's place Saturday night was well attended and all report a good time.

The Mission nine and Little Pine boys played ball Sunday. The Mission boys won by a score of 19 to 10.

Johnny Kimbal, who is working at Mission on Dr. Camp's farm, spent Sunday with his folks at Fools Lake.

T. Carl got done Monday evening driving the Little Pine logs out and returned to his home at Pine Knoll Tuesday.

Roy Foot came down from Aitkin Saturday with a batteau for the the Cross Lake Co. They were down after it Sunday.

M. Dowling returned home from St. Cloud Saturday by the way of Deerwood, he left his cattle at North Ripley on account of wet weather.

James Bennett, who was down to Eden Valley visiting his folks, returned home Wednesday to the joy of his sweet heart. Well James, when are those bells going to stop ringing?

The surveyor was here Sunday surveying a place for the wagon bridge across the Big Pine river near the mouth which was to have been built last winter but will be built this winter.

George Adecock started down river Monday with some rafts of bridge timber for the Long Lake narrows bridge, he expects to land at Billings mill and haul with team from there to Merrifield.

PINE VALLEY.

THE PLAIN TRUTH.

What More Can Brainerd People Ask?

When well-known residents and highly respectable people of Brainerd make such statements the following, it must carry conviction to every reader:

Mrs. Fred Stilling, wife of Fred Stilling, engineer on the M. & I. R. R., and living at 224 Ninth St., N., Brainerd, Minn., says: "Railroading with its jolting and jarring and being cramped up in an engine cab had the usual effect on my husband's back and kidneys. Most railroad men have experienced this trouble. I have heard him say at times he could not get out of his cab without his back hurting him so that it would be five or ten minutes before he could straighten up. Not long ago the trouble became so aggravated that he thought he would have to give up and go to the hospital for treatment. However we knew about Doan's Kidney Pills and procured a supply of them at H. P. Dunn & Co.'s drug store. Their use as directed cured the backache and restored the kidneys to a proper working order. After this gratifying result it is needless to say we hold Doan's Kidney Pills in high estimation."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

Low Priced Atlas.

An up-to-date Atlas of the Northwest and the Orient for \$1.00. The Northern Pacific Railway Company will send an Atlas of the Northwest, very complete in detail, to anyone upon receipt of price named. This is a recent compilation and data, maps, illustrations, etc., are reliable and from best sources.

A. M. Cleland, General Passenger Agent, St. Paul, Minn. 294tf

Recommends Perpetual Injunction.

Lincoln, Neb., May 29.—L. M. Pemberton, the referee appointed by the supreme court to take testimony in the suit of the state against the Nebraska Grain Dealers' association, on the ground that it is a trust, reported recommending a perpetual injunction against the association.

If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. H. P. Dunn & Co. coddw

BURNED AT THE STAKE.

Little Child Cremated by Playmates Who Were Playing Indian.

Montgomery, W. Va., June 1.—The five-year-old child of Robert Maroney of Cedar Grove, Kanawha county, was tied to a stake and burned to death by playmates who were emulating the characters in a mock initiation of "Red Men" recently presented by members of a local lodge.

The children, the oldest of whom is about ten, were arrayed like Indians, and the little Maroney child, who was the "paleface," was seized and bound to a fencepost. Shavings were placed about its feet, saturated with oil and lighted, the flames communicating with the child's clothing and in a moment the little body was wreathed in flames.

The other children, realizing what they had done, struggled manfully to tear away the burning material, and did rescue the child still alive, but it almost immediately succumbed to its injuries.

Beware of Ointments for Catarrh that Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.
